Use xiaodao Acupuncture Massaging Ball to excite the nerve reflex points on hands and feet to promote blood circulation, so as to improve health

2

- Hands and feet are symbols of body, which act on internal organs greatly and are regarded as the second heart of human body.
- So many blood vessels gathered inside hands and feet. Hands, in particular, have over 20000 reflex points more than feet.
- Hand is of importance to body, which is the organ with so many channels and acupoints.
- Inside body are 14 channels that mainly run through hands and feet.
- If some body feels ill, the internal circulation of vital energy will be influenced, which can cause an affect on the related organs through the channel. At such time, to excite the related channels or acupoint will relieve the ill symptom.
